Dear Sir:

PETITION UNDER 37 C.F.R. §1.47(a)

Sir:

In connection with the Response to Notice to File Missing Requirements ("the Response") being submitted on even date herewith, Applicants submit this Petition under 37 C.F.R. §1.47(a).

In this application, a Notification of Missing Requirements Under 35 U.S.C. §371 in the United States Designated/Elected Office was mailed by the U.S. Patent and Trademark Office on September 12, 2005. The Notification of Missing Requirements Under 35 U.S.C. §371 in the United States Designated/Elected Office indicated that an Oath or Declaration of the inventors was missing.

Together with the Response, Applicant submits a Combined Declaration and Power of Attorney executed by nine (9) of the ten (10) named inventors. However, the remaining inventor, Hanno Roder, has not executed the Declaration.

03/15/2006 LLANDGRA 00000052 041105 10532263

02 FC:1464 130.00 DA

RECEIVED

17 MAY 2006

Application No.: 10/532,263**2****Docket No.: 63249(50964)**

Accordingly, this is a petition under 37 C.F.R. §1.47(a) to accept the declaration executed by the nine inventors on behalf of themselves and the non-signing inventor in order to avoid prejudice to the remaining inventors and the Assignee.

Statement of Facts

The accompanying Declaration of Dr. Georg Schnappauf (which is incorporated herein by reference) sets forth the pertinent facts establishing the failure by Hanno Roder to sign the declaration. In brief, the facts are as follows.

- Hanno Roder contributed to the making of this invention while under an obligation to assign his rights in the invention to NAD AG.
- Mr. Roder is no longer employed by NAD AG nor by SIRENADE Pharmaceuticals AG as successor-in-interest to NAD AG.
- After repeated efforts to contact Mr. Roder by mail and e-mail in connection with the filing of the present application, at his last known address and other addresses, Mr. Roder has either not been located despite diligent effort, or has refused to cooperate.

Based on the above facts (as further described in the accompanying Declaration), it has been concluded that either (1) Hanno Roder cannot be found or reached after diligent effort, and/or (2) Hanno Roder was presented with the formal papers and a copy of the application as filed (including the specification, claims, and drawings), that Hanno Roder has failed to sign the declaration and that Hanno Roder is unwilling to execute the declaration at this time. Thus, relief under 37 C.F.R. §1.47(a) is requested on behalf of the remaining inventors and the Assignee.

As stated in the attached Declaration, Mr Roder's last known address in the United States is 39 Woodside Ave., Westport, CT 06880, U.S.A., although delivery of papers was also attempted at additional addresses (as also described in the Declaration).

Application No.: 10/532,263

3

Docket No.: 63249(50964)

Relief Requested

It is requested that the declaration executed by the nine inventors on behalf of themselves and the non-signing inventor be accepted, in order to avoid prejudice to the applicants and the Assignee.

Please charge the petition fee under 37 C.F.R. 1.17(g) to our deposit account as set forth below.

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 04-1105, under Order No. 63249(50964).

Dated: March 13, 2006

Respectfully submitted,

By

DECLARATION OF DR. GEORG SCHNAPPAUF IN SUPPORT OF
PETITION UNDER 37 CFR §1.47(a)

Sir:

1. I, Dr. Georg Schnappauf, declare and say that I am a European Patent Attorney with the firm of Dr. Volker Vossius in Munich, Germany. I have represented NAD AG, and I now represent SIRENADE Pharmaceuticals AG, as successor to NAD AG.

2. In connection with this application, a Notification of Missing Requirements Under 35 U.S.C. §371 in the United States Designated/Elected Office was mailed by the U.S. Patent and Trademark Office on September 12, 2005. The Notification of Missing Requirements Under 35 U.S.C. §371 in the United States Designated/Elected Office indicated that an Oath or declaration of the inventors was missing.

Application No.: 10/532,263**2****Docket No.: 63249(50964)**

3. I have attempted to contact Hanno Roder, an inventor named on the above-referenced U.S. patent application, to obtain the signature of the inventor as required by 37 C.F.R. §1.45, to respond to the Notification of Missing Requirements.

4. To date, I have not been successful in obtaining the signature of Hanno Roder on an oath or declaration.

5. The pertinent facts are as follows:

- On information and belief, Hanno Roder contributed to the making of this invention while under an obligation to assign his rights in the invention to NAD AG.
- On information and belief, Mr. Roder is no longer employed by NAD AG or its successor SIRENADE Pharmaceuticals AG.
- On information and belief, on October 19, 2005, SIRENADE Pharmaceuticals AG, as successor to NAD AG, sent an e-mail to Mr. Roder at his then-current e-mail address, attaching a Declaration and Assignment for execution. A copy of the e-mail sent to Mr. Roder is attached.
- On information and belief, no response to the October 19, 2005 e-mail was received.
- On information and belief, another request for execution of the formal papers was sent to Mr. Roder by SIRENADE Pharmaceuticals AG on November 7, 2005.
- On information and belief, Ms. Lynn Butler, managing director of SIRENADE Pharmaceuticals AG, received an e-mail message from Mr. Roder on November 12, 2005. In the e-mail message, Mr. Roder stated that the forms were not "really needed". I believe that Mr. Roder refused to sign the Declaration and Assignment. Copies of the November 7, 2005, and November 12, 2005 e-mails are attached.

Application No.: 10/532,263**3****Docket No.: 63249(50964)**

- On January 23, 2006, I sent a copy of the subject patent application, together with the Declaration and Assignment, by courier to Mr. Roder's last known address in the United States (39 Woodside Ave., Westport, CT 06880). However, the envelope was returned unopened after three delivery attempts.
- On January 23, 2006, I sent a copy of the subject patent application, together with the Declaration and Assignment, by certified letter with reply to Mr. Roder's last known address in Germany (Menzinger Strasse 160, 80997 München, Germany). However, the envelope was returned unopened with a note indicating that Mr. Hanno no longer resides at this address.
- On January 23, 2006, I sent e-mails messages to both haroder@optoline.de and hanno.roder@t-online.de. Both e-mails were returned to sender as a result of delivery failure. Copies of the e-mails sent to Mr. Roder (with failure message included) are attached.
- On February 3, 2006, I sent a copy of the subject patent application, together with the Declaration and Assignment, by courier to Mr. Roder at TauTaTis, Inc., an address found by internet research. All attempts to deliver the envelope were unsuccessful. On the same day, the same documents were sent by e-mail to Mr. Roder at hanno.roder@tautatis.net. Although the e-mail was not returned, no response was received.

6. I am not aware of any other address at which Mr. Roder can be contacted.

7. Based on the above facts, I have concluded that either (1) Hanno Roder cannot be found or reached after diligent effort, and/or (2) Hanno Roder was presented with the formal papers and a copy of the application as filed (including the specification, claims, and drawings), that Hanno Roder has failed to sign the declaration and that Hanno Roder is unwilling to execute the declaration at this time.

Application No.: 10/532,263**4****Docket No.: 63249(50964)**

8. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title XVIII of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Betreff: National Phase of SIRENADE Patent for the USA

Dear former members of NADAG and SIRENADE,

We are happy to inform you that the SIRENADE patent application and your invention "N,N-Bridged, Nitrogen-Substituted Carbacyclic Indolocarbazoles as Protein Kinase Inhibitors" can now enter into the national phase in the USA.

For fulfillment of legal requirement we would ask you to sign the attached document (personal signature and additional signature of a witness) which declares your consent that SIRENADE (as a successor of NADAG) will apply for the US patent. Specific agreement on ownership of the invention and the inventors' bonus are already made between you and the company within the specific agreement you signed at NADAG.

We would ask you to sign the attached document and to send it back to the company by MAIL. Unfortunately a fax signature is not sufficient.
Please be aware of the fact that you have to sign two times.

If you have any further questions or if you need any further information please do not hesitate to contact us.

Thank you for your efforts and best regards

Sonja Knoth

Lynn,

I haven't received anything in that regard. Where was it sent?

Also, I don't think anything is really needed here, because there are inventor agreements in place which include such assignments.

Once we are on this topic, I have noted that there are efforts to sell the company or some of its assets. Unfortunately, the original inventor agreements do not deal clearly with such an event. It is my
